

Reduced-Price Lunch policy

The policy for providing reduced-price meals for children

The household size and income criteria identified below will be used to determine eligibility for reduced-price meal benefits. Children from households whose gross income is at or below the levels shown here are eligible for reduced-priced meals. Eligibility for a foster child is based on a separate application and solely on the amount of the child’s “personal use” income.

Applications may be submitted at any time during the school year. The information households provide on the application will be used to determine meal eligibility and may be verified at any time during the school year by the company providing the service and school officials. Parents requesting reduced-price meals must submit a copy of their 2009 1040 tax return to verify the income stated on the form.

In accordance with federal law and U.S Department of Agriculture policy, we are prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability.
